

PRIMARY SCHOOL

FAITHFUL • CHARACTERISTICALLY • JOYFUL LEARNING

Opening 2027 A world-class primary school where deep Islamic values, international academic standards, and the joy of learning come together as one.

Who We Are

At Jakarta Cosmopolite Islamic School (JACOS), we see every child as a unique seed full of extraordinary potential. We are a warm, vibrant community where the rigour of modern global education meets the depth of Islamic values. We believe school should be a second home a safe, joyful space where students are free to explore, question, grow, and learn to lead with both intellect and kindness.

With our Primary School opening in 2027, JACOS takes a decisive step forward: delivering an internationally aligned academic programme enriched with Islamic integrated learning, trilingual mastery, and the character-first ethos that has already defined our Preschool and Kindergarten community.

Our Mission

JACOS Primary School is committed to:

- Building Iman and Akhlaq through daily practices grounded in the Qur'an and Sunnah woven seamlessly into every lesson and every interaction.
- Delivering academic excellence through an internationally aligned curriculum that prepares students to thrive at the highest levels globally.
- Nurturing holistic growth spiritual, cognitive, social, emotional, and physical in a safe and joyful environment.
- Developing critical thinking, creativity, and leadership through an integrated STEAM approach within an Islamic framework.
- Fostering trilingual mastery in English, Arabic, and Bahasa Indonesia.
- Partnering actively with families to ensure a consistent, loving Islamic upbringing that bridges school and home.

VISION

Raising globally aware children firmly rooted in Islamic

- FAITHFUL
- CHARACTERISTICALLY
- JOYFUL LEARNING

AN INTERNATIONALLY ALIGNED EDUCATION

JACOS Islamic School for Primary is built on a rigorous, internationally aligned academic framework — one that goes far beyond the standard curriculum to develop learners who are confident, curious, and genuinely ready for the world.

Our Academic Approach

We believe that academic excellence and strong character are not competing priorities, they are inseparable. At JACOS, our curriculum is designed to develop the whole child: building deep subject knowledge, critical thinking skills, and genuine intellectual curiosity, all grounded in Islamic values and a love of learning.

Our programme emphasises conceptual understanding over rote memorisation, nurturing the kind of thinking that prepares children not just for secondary school but for a lifetime of purposeful contribution to the world around them.

We are currently in the process of aligning our curriculum with the Cambridge framework, adopting its internationally recognised syllabi to ensure our students are prepared to meet the highest global academic benchmarks.

Core Academic Subjects

QISA — Qur'an, Islamic Studies & Arabic The foundation of everything we do at JACOS

Cambridge-Aligned Subjects

- English Language & Literacy
- Mathematics

Supporting Subjects

- Bahasa Indonesia
- Science
- Physical Education
- ICT

Our Academic Vision

JACOS Islamic School for Primary is committed to continuously raising its academic standards toward the highest international benchmarks. Our school lays a strong foundation that opens doors to leading secondary programmes and ultimately universities and careers anywhere in the world. Every year, every lesson, and every teacher at JACOS is oriented toward that single, unwavering goal: giving your child the best possible start.

FIVE PILLARS OF THE JACOS APPROACH

1. Islamic Integrated Curriculum

At JACOS, Islam is not a subject. It is the lens through which all learning takes place. Every lesson, every project, every class discussion is an opportunity to connect knowledge to faith, and learning to purpose. We integrate Tawhid and Islamic ethics across all subjects ensuring our students understand not just how the world works, but why it matters.

2. International Academic Standards

Our curriculum is designed to meet the highest international academic benchmarks, developing deep subject mastery, critical thinking, and the transferable skills our students will carry with them through secondary school, university, and professional life wherever in the world their path may lead.

3. Trilingual Mastery

English as the primary language of instruction. Arabic as the language of the Qur'an and Islamic scholarship. Bahasa Indonesia as the language of national identity and community. This trilingual foundation is a profound and lasting gift that opens doors across the globe.

4. Character Education & Social-Emotional Intelligence

Through our House System, project-based collaboration, Islamic akhlaq studies, and dedicated social-emotional learning, JACOS students develop the empathy, resilience, honesty, and leadership that define truly excellent human beings not just excellent students.

5. Active Family Partnership

Parents are co-educators. Through regular parenting workshops, family enrichment programmes, and transparent communication, we ensure that the values our children live at school are beautifully reinforced at home. The strongest schools are those where families and teachers walk the same path.

WORLD-CLASS FACILITIES

Every space at JACOS Primary School is designed with intention to inspire learning, nurture wellbeing, and give every child the environment they truly deserve.

Smart Classrooms

Each classroom is equipped with modern interactive technology smart boards, collaborative learning tools, and age-appropriate digital resources within a warm, beautifully designed environment that feels as comfortable as home.

STEAM & Science Laboratory

Our dedicated Science Laboratory and STEAM workspace give students hands-on access to real experiments, engineering challenges, and creative projects. From the basics of biology and chemistry to coding and design thinking, this is where curiosity becomes discovery guided by the Islamic principle that seeking knowledge is an act of worship.

Library & Reading Centre

Our library is more than a collection of books it is a sanctuary of imagination. Stocked with a rich selection of English, Arabic, and Indonesian titles spanning fiction, non-fiction, Islamic literature, and reference works, our Reading Centre cultivates a deep and lasting love of reading in every student. Quiet study areas, cosy reading corners, and regular literacy programmes make this one of the most beloved spaces in the school.

Standard Basketball Court

JACOS Primary School features a full-standard basketball court measuring 28 × 15 metres the same dimensions used in professional and international competition. This world-class facility reflects our belief that physical excellence is inseparable from academic and spiritual development. Whether in Physical Education classes, inter-house competitions, or after-school sports programmes, our students train and play on a court that sets the standard.

Swimming Pool

Our swimming pool provides a safe, supervised environment for physical development and water safety education. Swimming lessons are integrated into our Physical Education programme, giving every JACOS student the confidence and skill to be at home in the water.

Gymnastics Studio

Our fully equipped gymnastics studio supports the development of balance, coordination, strength, and body awareness skills that benefit students in every area of physical and cognitive development.

Outdoor Playground & Sports Field

Spacious, safe, and beautifully maintained our outdoor spaces are designed for active play, team sports, and the joyful physical exploration that is essential to every child's healthy development.

Health Care Centre

Our on-site Health Care Centre is staffed with qualified nursing professionals, ensuring that every student's physical wellbeing is monitored and supported throughout the school day.

Full Air-Conditioning & 24-Hour CCTV

Every indoor learning space at JACOS is fully air-conditioned for year-round comfort and focus. Our comprehensive CCTV system covers all areas of the school, giving parents complete peace of mind about their child's safety at every moment of the school day.

STUDEC INTERNATIONAL OLYMPIAD PROGRAM

JACOS is proud to partner with STUDEC International bringing structured, expert-led olympiad training to our primary students and preparing them to stand confidently on the international stage.

What This Programme Offers

- Structured academic olympiad training from Grade 3 onwards
- Participation in international competitions across Mathematics, Science, English, and more
- Expert coaching by STUDEC's experienced international mentors
- Exposure to global competition formats and elite problem-solving standards
- Internationally recognised certificates and awards for outstanding students
- A competitive yet collaborative culture that builds resilience and intellectual confidence.

EXTRACURRICULAR & ENRICHMENT PROGRAMMES

Learning at JACOS does not stop when the lesson ends. Our extracurricular and enrichment programmes help every child discover their passion, develop their gifts, and grow in ways the curriculum alone cannot reach.

Extracurricular Activities

- Tahfiz Structured Qur'an Memorisation Programme
- Math Club & Science Club
- Gymnastics
- Culinary Arts
- Sports Basketball, Badminton, Football, and more
- English Debate & Public Speaking
- Arts & Creative Expression

MASCOTS, HOUSES & COMMUNITY

At JACOS, community, belonging, and character are built through lived experience. Our House System is at the heart of who we are.

Jebbee & Jebboo Your School Guardians

Meet Jebbee and Jebboo the two tiger mascots who have been eagerly waiting to welcome your child to JACOS Primary. From the very first day of Grade 1 through to the final celebrations of Grade 6, they will be present in the spirit of the school: in the stories told, the traditions built, and the values lived every single day.

Roarie
Thunder Roar House

Bold, brave, and full of heart. Roarie's team carries a quiet but unmistakable strength true champions are not the loudest in the room, but the most consistent in their integrity.

Foppy
Cinder Hollow House

Quick-thinking, endlessly curious, and energised by ideas. Foppy's Fast-Learners love cracking puzzles, asking questions, and zooming toward discovery always with open eyes and an eager mind.

Bearie
Jade Grizzly House

Cool, calm, and quietly unstoppable. Bearie's crew carries a steady confidence they win people over not with noise, but with warmth, reliability, and depth.

Glee
Storm Eagle House

Visionary, consistent, and built to fly. Glee's Storm Eagles see far ahead of the horizon and they do not fly alone. Commitment and lifting each other up are the wings that carry them.

YOUR CHILD'S SUPPORT CIRCLE

JACOS is built by people who have devoted their careers and their hearts to education. Your child will be guided by a team of international scholars, experienced educators, and trusted specialists.

Assoc. Prof. Dr. KH. Didi Supandi, Lc., M.A. (Founder)

Jakarta Cosmopolite Islamic School is the lifelong vision of Dr. KH. Didi Supandi established with a sincere mission to provide every child with an education worthy of the trust placed in it.

A scholar trained at Al-Azhar University, Egypt, and holding doctoral mastery from the International Islamic University Malaysia (IIUM), Dr. Didi Supandi embodies the Cosmopolite spirit globally learned, deeply faithful, and dedicated to the next generation.

Hj. Ida Farida, S.E. M.M (Co-Founder)

An accomplished entrepreneur and passionate advocate for women's empowerment, Hj. Ida Farida brings professional excellence and Islamic values to the heart of JACOS.

She personally dedicates a portion of her business profits to support families in need providing full educational sponsorship for yatim and dhuafa students, ensuring that quality Islamic education is never out of reach.

Prof. Madya Dr. Hj. Betania Kartika, B.A. (Hons) M.A., (Academic Director)

With over 32 years of teaching experience spanning America, Australia, Europe, Africa, and Asia, Prof. Betania brings a genuinely world-class perspective to how children learn. Her extensive international journey is woven into every JACOS curriculum framework, ensuring our students receive an education that meets the highest global benchmarks while remaining rooted in Islamic values.

Dr. Muhammad Nawar Ariffin (Executive Advisor for Medical Affairs)

A Consultant Paediatric Orthopaedic Surgeon and graduate of the University of Malaya, Dr. Nawar ensures the health and physical growth of every JACOS student is supported with the same care and expertise as their academic progress.

Elly Risman Musa, S.Psi (Executive Advisor for Psychology & Parenting)

A University of Indonesia graduate with specialised parenting training from Florida State University, USA, Mrs. Elly guides our community through mindful parenting and psychological care creating a seamless, loving bridge between school and home.

We Have Been Saving a Spot for Your Child

At Jakarta Cosmopolite Islamic School, we are building more than a school. We are building a community of families who believe their children deserve the very best academically, spiritually, and as human beings.

Our Primary School, opening in 2027, carries forward everything that has made JACOS extraordinary: warmth, rigour, faith, and an unshakeable belief in the potential of every child. From the Wall of Fame that celebrates every achievement, to the FIBA-standard court that challenges every athlete, to the internationally aligned classrooms that prepare every graduate for the world every detail of JACOS Primary has been built with your child in mind.

We would love to meet your family. Come and visit us our doors are always open, and your child's place is waiting.

*A place where Faith is lived, Knowledge is celebrated,
and every child truly belongs.*
